**You may be healthy today,
but you could be at risk of developing
heart disease, stroke, diabetes,
kidney disease or dementia.**

Just 20 minutes of your time could
prevent years of ill-health and disability, or
even premature death.

An NHS Health Check is free, it's quick and it helps
you prevent ill health and live longer. When you get
a NHS Health Check invitation from your GP - please
make an appointment.
